COMPANY PRESENTATION

SHAFT COUPLINGS

DENSEN GROUP

TO BE WORLD CLASS INDUSTRIAL SOLUTIONS PROVIDER

WE PROVIDE COUPLING SOLUTIONS

Custom servise,This is the core competitiveness of KPS couplings. With more than 60 middle and senior technicians and more than 200 professional equipments, it provides clients with customized coupling services through strong technical support and processing capabilities.

Smart innovation，Building couplings based on customer requirment is the core of KPS’s solution philosophy. By combining customer feedback with market trends, KPS engineers have created an entire line of coupling products that deliver high levels of performance for reliable.

COMPANY PROFILE

KPS is a professional manufacturer of shaft couplings for the machinery industry. It is one of the top five manufacturers in China and is engaged in the manufacture of various standard and non-standard couplings.

WORK SHOP

FACTORY EQUIPMENT

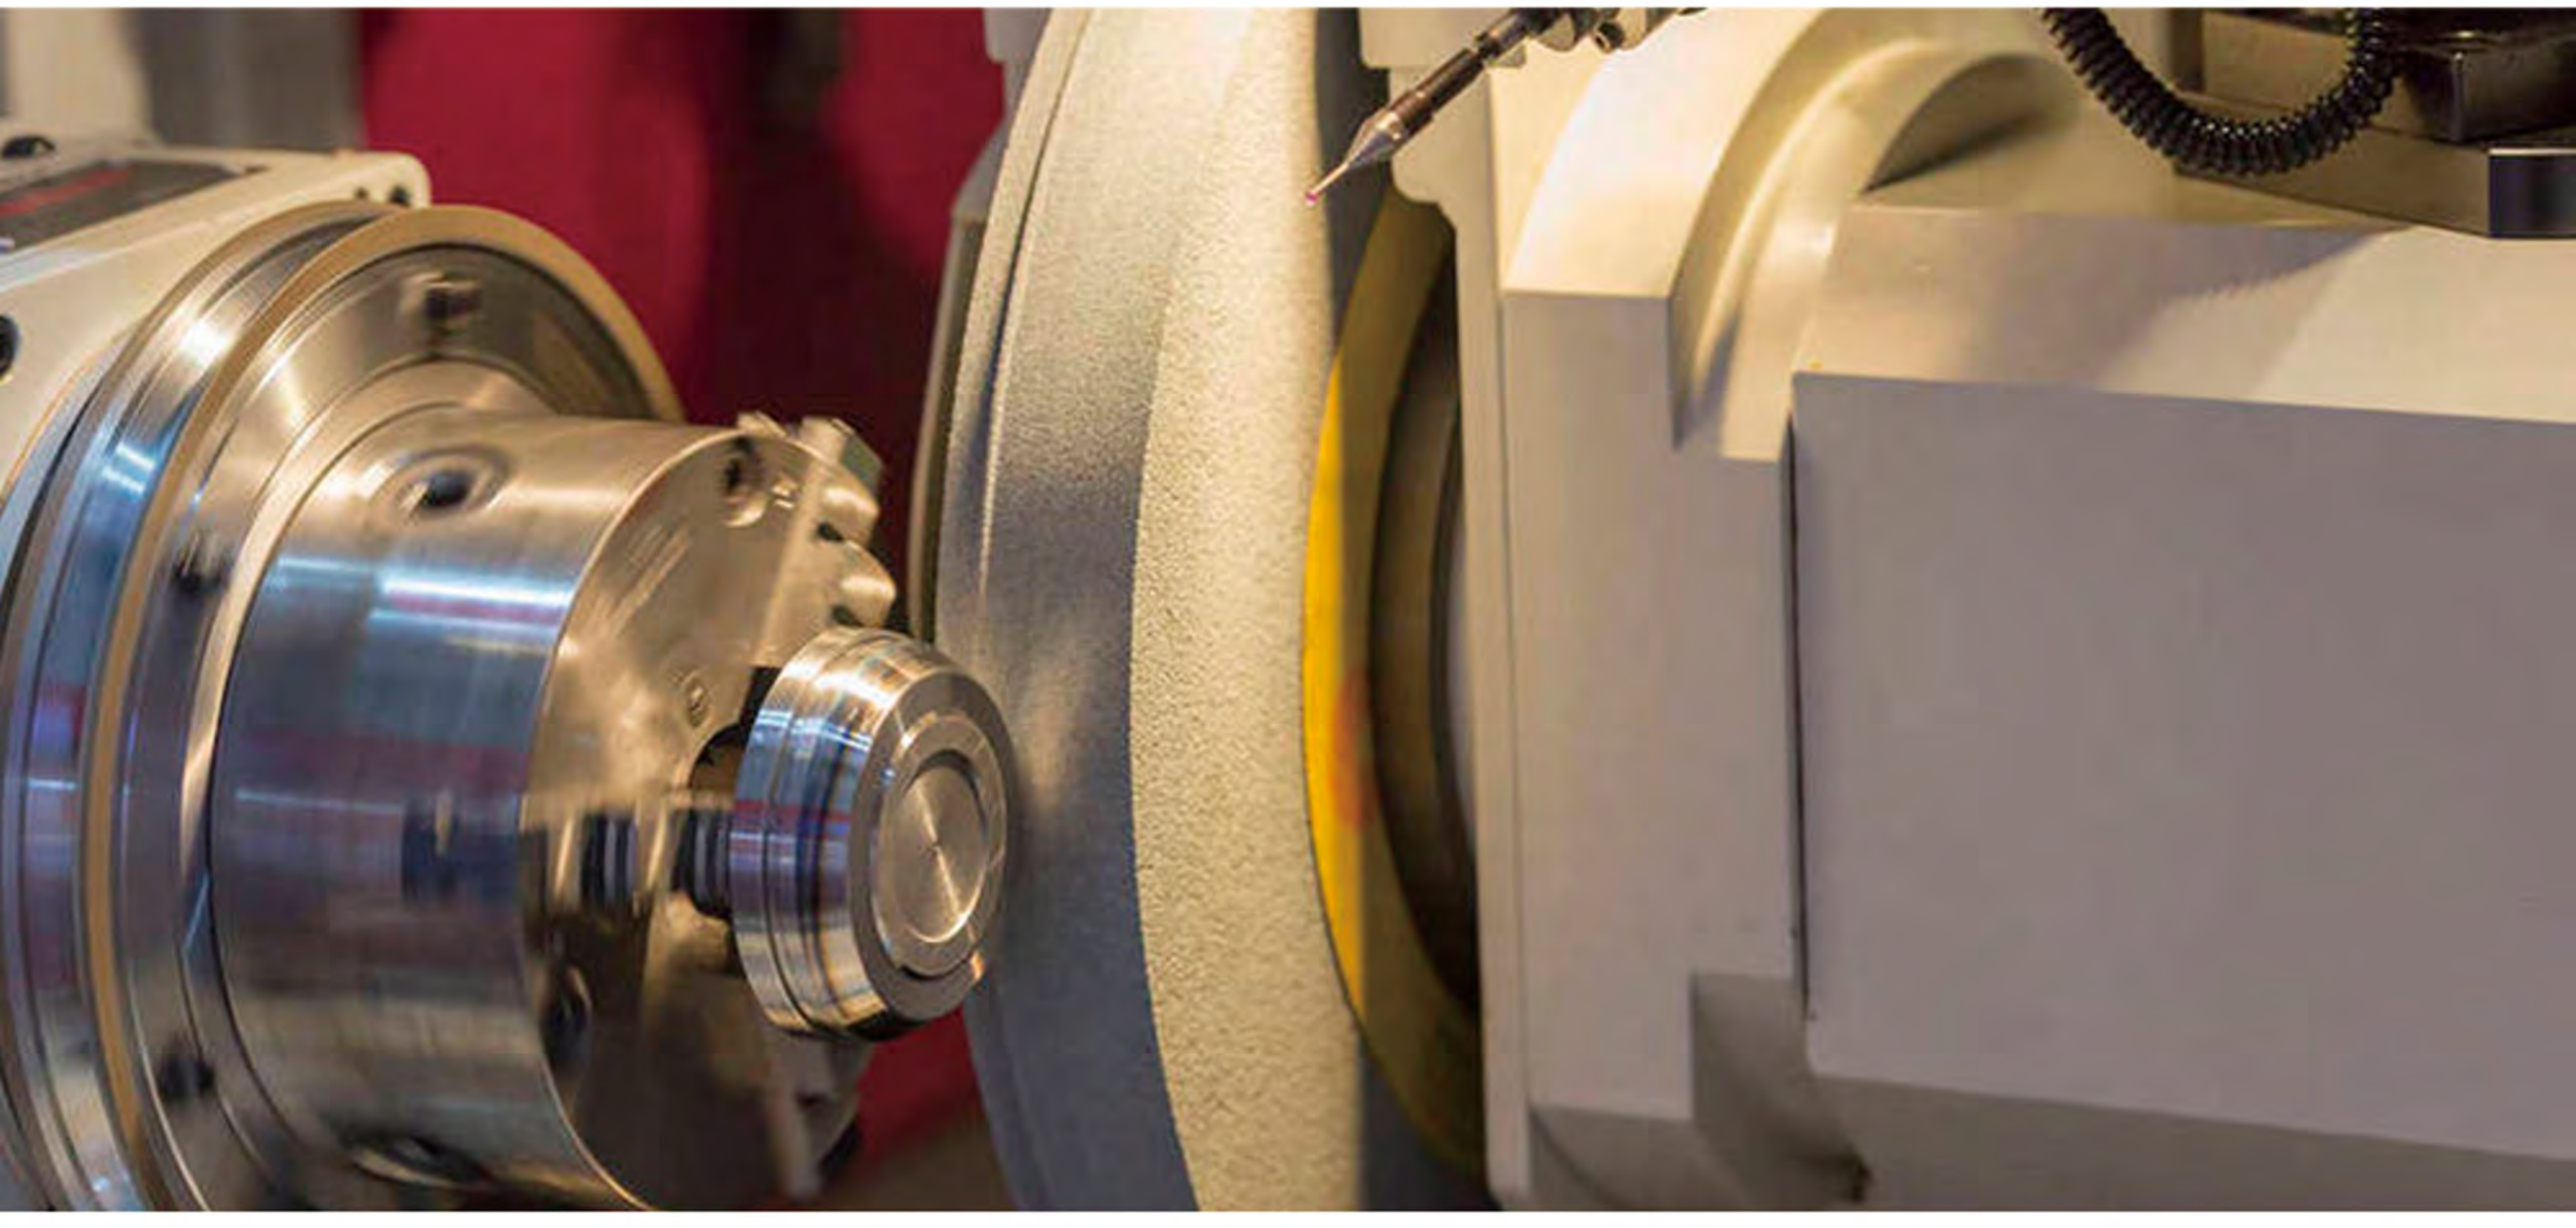

KPS has the most advanced professional manufacturing technology and production equipment, of which CNC equipment accounts for 42%.
We have more than 300 sets of the production equipment, including the highest precision CNC vertical milling equipment in China. 4-meter vertical lathe and horizontal lathe capable of processing ultra-high, long products, free dynamic cross-axis dynamic balance system and so on.

MAIN PRODUCTS

Universal coupling

Drun gear coupling

Diaphragm coupling

Custom coupling

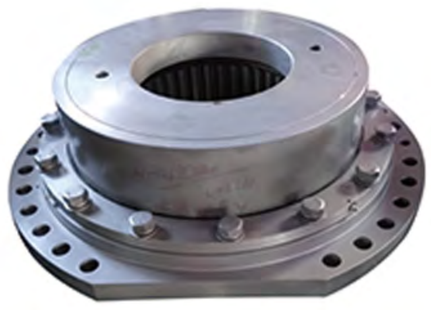

Oldham coupling

Pin coupling with elastic sleeves

Jaw coupling

Drum coupling

Chain coupling

Braking-wheel coupling

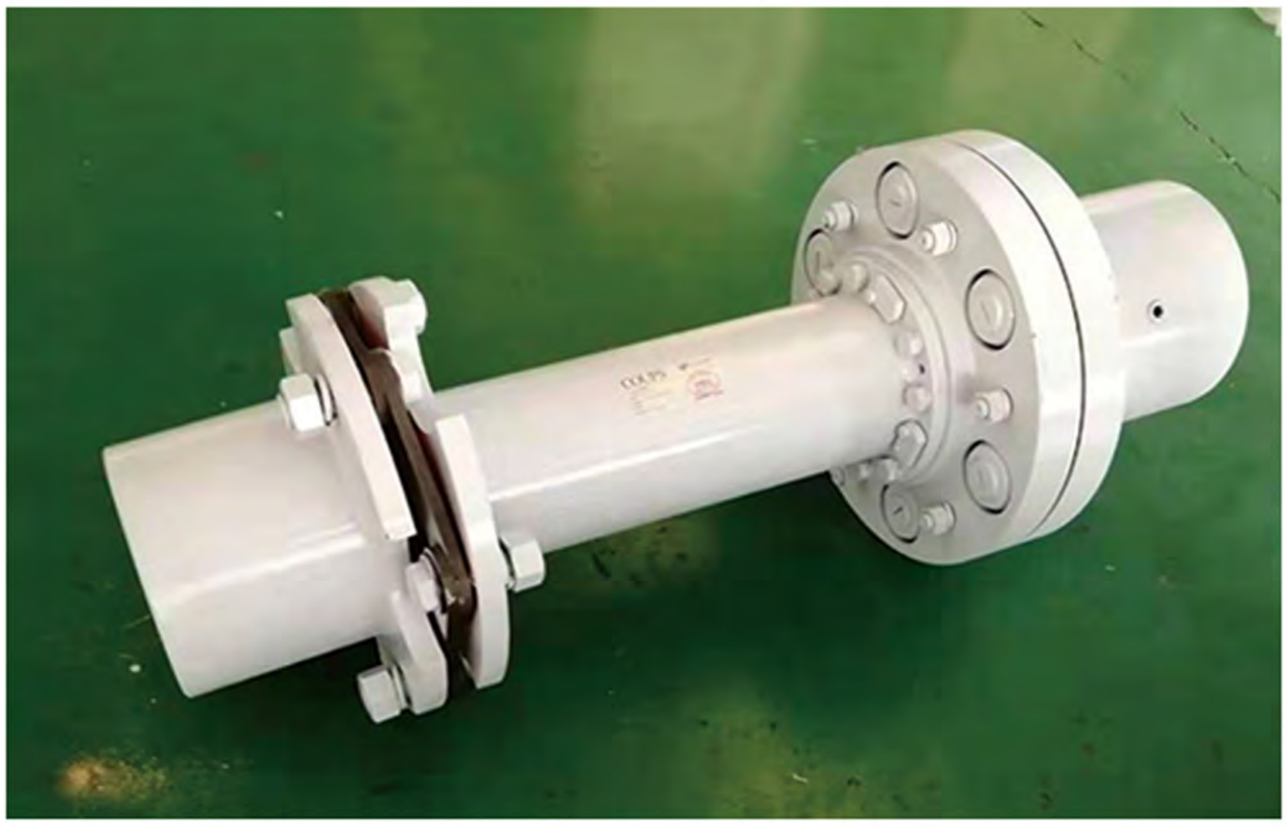

TAILORED PRODUCTS

Couplings for tandem mixers GIICL17F

Diaphragm and elastic sleeve composite coupling K9037.2.0

Universal Coupling SWC550 for steel mill

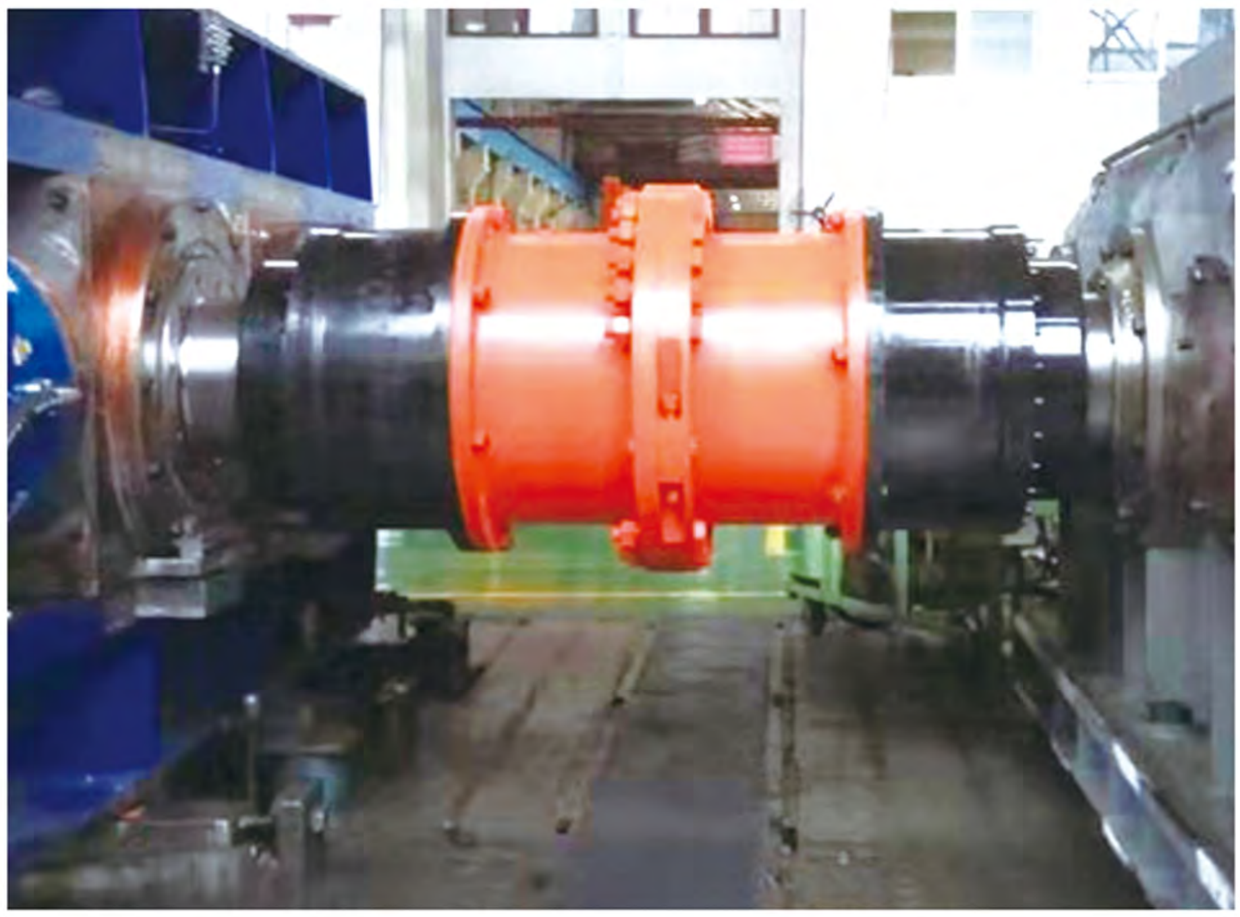

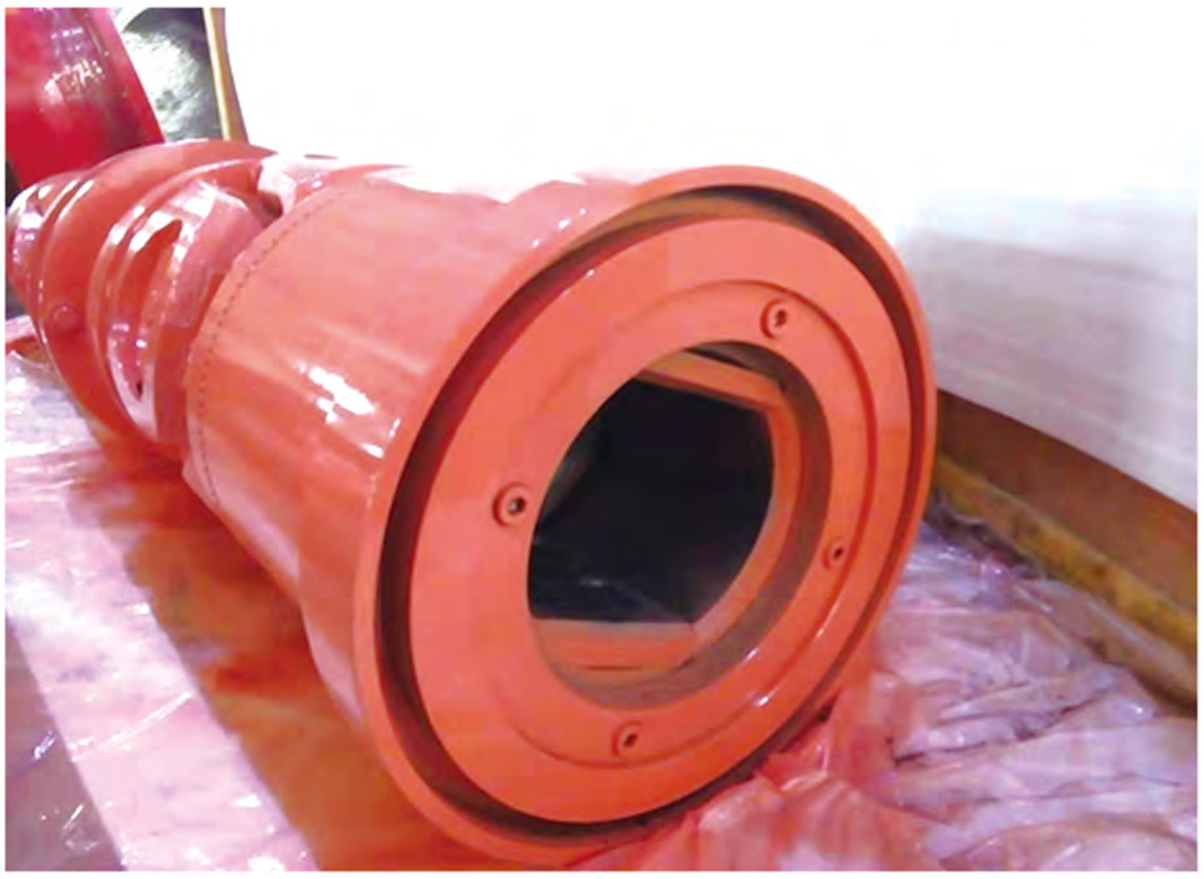

TAILORED PRODUCTS

Roll forming machine coupling WGT22-2108mm

E1 vertical roller universal coupling SWC550, weight is 3950kg and length is 3570mm.

Chain plate diaphragm coupling for cement industry

TAILORED PRODUCTS

Long shaft fan coupling for coal mine fans, length is 4535mm

High speed carbon fiber diaphragm coupling

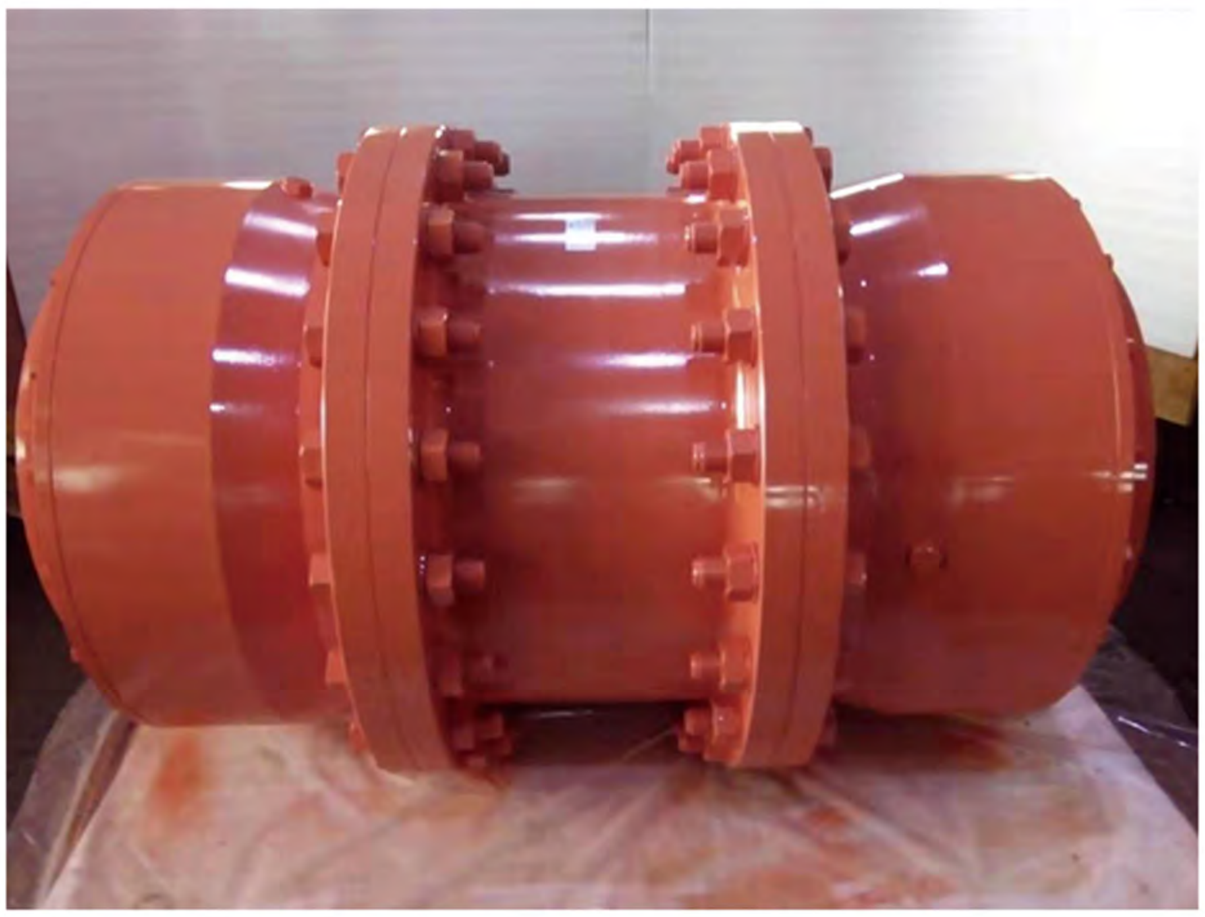

Universal coupling for rolling mill

TAILORED PRODUCTS

Rolling mill project coupling, weight is 6059kg and outer diameter is 1210mm

Flexible link coupling MB1160, the outer diameter is 1160mm and the length is 1520mm

Diaphragm coupling for steel mill
